Arizona Lutheran Academy offers a university-preparatory high school education for grades 9-12 that has a reputation for excellence. While maintaining high academic standards, ALA offers English as a Second Language (ESL) for its international students who need some extra assistance.

ALA's international students live with carefully selected host families who can provide a true American cultural experience in a home environment.

The Arizona state capital city of Phoenix is the 6th largest city in the United States with about 4.5 million people in the metropolitan area. The school is located about 15 minutes from downtown Phoenix and about 20 minutes from the Phoenix airport (PHX).
