

Arizona Lutheran Academy is located in the beautiful southwestern United States. Nestled in a sunny valley with a mild climate through the majority of the year, the Phoenix area attracts people from all over North America. It is one of the fastest growing cities in the U.S. and provides all of the opportunities available in urban living. Still, ALA provides small-school intimacy and care that nurtures students and their learning in a safe and secure environment.

"I like Arizona's weather because it's warm in winter, much warmer than my hometown!"
Amber, China, class of 2015

Our students have been accepted at some of America's top colleges and universities.

- Stanford
- Harvard
- Purdue
- Brown
- New York University
- Notre Dame
- and others!

Being accepted into a university of your choosing is one of our goals at Arizona Lutheran Academy. Our courses are structured to accomplish that, and students who work hard may see their dreams realized. We will work to provide tools to perform optimally on the ACT or the SAT exams. If you are willing to put forth the effort, we will assist you in whatever way we can to achieve your goals.

"Challenging yourself is one of the good ways to prepare for college."
Zoe, China, class of 2014

ATHLETICS, FINE ARTS, SERVICE AND LEADERSHIP

Every student has a chance to become involved in many ways in school life at ALA. Of course, keeping strong in your studies is of first importance, and our studies are demanding. However, we desire to help you develop into a well-rounded student with many experiences.

We have an athletic program consisting of ten different sports, and we have a fine arts program allowing participation in choirs, bands, stage acting, and individual voice and keyboard lessons. Our teams and performance groups routinely get state and national recognition.

Students may also choose to be involved in student leadership, representing the student body or their classes in making plans for events and activities. Others may opt to represent ALA as an ambassador to visitors and in off-campus presentations.

We get students involved in helping other people through our service projects as well. University admissions offices and scholarship programs appreciate students who have had a wide range of experiences which cause them to grow in a variety of ways.

HOME STAYS

Living far away from home will take some adjustment, and you are likely to feel a little homesick for a time.

“After about two or three months, I became very homesick, but then it got better because I made a lot of friends and my English got better.”

Richard, China, class of 2016

At ALA, we will provide you with a home stay arrangement. You will become part of a loving family who will care for your needs while attending school. You will develop a strong relationship with your homestay family, and you will be able to increase your English ability in this environment.

“My experience with my homestay family has been very good since I came to Arizona. They are always loving and caring.”
